

A Memorandum of Understanding (MOU) was signed between Dr. Shallu Samyal, Principal of GDC Bishnah, and Dr.Preeti Kashyap ,MDJMD Herbal Extractions Pharmaceutical Company today, 31st May 2025 in the presence of senior faculty members Professor Anju Bala, Dr.Vasudha Choudhary. This significant partnership marks a strategic step forward in enhancing academic-industry collaboration and offering enriched learning experiences for students.

The MoU aims to provide a range of opportunities including internships, real-world exposure, skill enhancement programs, and potential placement prospects for GDC students. Through this collaboration, students will gain hands-on experience in the pharmaceutical and herbal extraction industry, preparing them for future careers in an evolving scientific and health-focused landscape.

Speaking on the occasion DrShallu Samyal Principal GDCBISHNAH reiterated that “This partnership is a great initiative that opens doors for our students to bridge academic knowledge with industry practices”

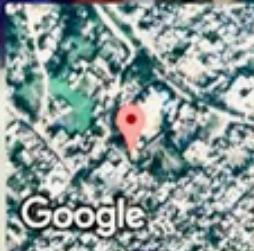

Both GDC and JMD Herbal Extractions stand to benefit from this collaboration. While students gain practical knowledge and employability skills, the industry partner will have access to emerging talent, research support, and future workforce potential.

This MoU symbolizes a shared vision of academic excellence, innovation, and skill development, contributing positively to both educational and industrial ecosystems.
